

Creating and Growing a Bog Garden

Presented by Brian F Jorg

Class Series: Gardening with Natives

Class Length: 1 hour

Class Type: PowerPoint Presentation

Class Description:

Create a simple bog garden in your own home landscape. Worried about mosquitoes? Learn proper construction and installation techniques to create a bog environment with no standing water. Discover the many bog plants that can be grown and add visual interest to your landscape such as native orchids, carnivorous pitcher plants-even cranberries. Cardinal flower, a hummingbird favorite, will grow taller and bloom more prolifically in a bog environment. Discover, too how bog gardening can be a way for you to practice backyard conservation!

Brian Jorg, Cincinnati nature photographer, public speaker, and horticulturist, travels the world to capture the beauty of nature in photographic images. Brian also teaches many seminars, workshops, and classes in Cincinnati and around the region. To schedule an event with Brian or for a complete list of available classes, presentations and workshops please visit our website, www.brianjorg.com.
