

Smoky Mountain Wildflower Photography Class
Focus on Flowers

Join Brian Jorg for a wildflower photography class in the Great Smoky Mountains- one of the most florally diverse regions in North America April 17-19. A pre-trip meeting will take place April 6, at the Civic Garden Center. Our Photography class is scheduled when we should expect to see a profusion of blooms-such as the rare and unusual Yellow Lady's Slipper orchid, Showy Orchis, Dwarf Crested Iris, and a number of trillium species-all in their springtime glory.

The cost to participate in this spectacular on site photography class will be \$100.00 per person. Transportation, lodging and meals will be on your own. A block of rooms will be reserved for our tour. Space will be limited.

All trails will range from easy to moderate. Attendees should be able to walk over uneven ground, and be able to walk moderate distances.

Please contact Brian Jorg by e-mail (brian@brianjorg.com) for questions about this class, or call the Civic Garden Center at 221-0981 to reserve your space now!
