Join us on a virtual tour to a location with one of the greatest concentrations of wildlife on earth- Kenya, East Africa. The country boasts the second highest peak- Mt Kenya, in Africa, and is home to thousands of wildlife species. Experience the vast herds of zebra, wildebeest, and gazelle as they make their yearly migration through the Masai Mara. Get up close and personal to the predators- lions, leopards and hyena, as they stalk their next meal. View giraffe and elephants in their natural habitat, and learn their unique adaptations to help them to survive in this landscape. Sit back, relax and enjoy the excitement that is a Kenya Safari from the comfort of your own (arm) chair!
